**NATIONAL MULTIPLE SCLEROSIS SOCIETY
Postdoctoral Stipend Scales**

Beginning in with applications received in 2023, there is a single fellowship stipend scale for postdoctoral fellows and associates on all applications for funding, across all research and research training programs.

The current annual stipend scale for postdoctoral fellows and associates is as follows. The amount of the salary must relate to the applicant's professional status and previous training and experience. Relevant experience may include research experience, internship, or residency.

National MS Society Postdoctoral Stipend Scale

Full Years of Relevant Experience	Annual Stipend
Less than 1	\$59,308
1	\$59,724
2	\$60,165
3	\$62,572
4/PGY-4	\$64,651
5/PGY-5	\$67,045
6/PGY-6	\$69,539
7/PGY-7 or more	\$72,034

The annual salary for postdoctoral trainees is determined by the number of FULL years of relevant postdoctoral experience at the time of fellowship appointment. The salary for each subsequent full year of support should increase to reflect the next level on the stipend scale. No departure from the approved scale will be allowed.
